Corporate Password Reset Guide

Overview
This guide explains how employees can reset their corporate password using the Self-Service Password Reset (SSPR) portal.

Steps to reset your corporate password
1. Open a browser and go to https://passwordreset.corp.local
2. Enter your corporate email address and click Next.
3. Verify your identity using the registered authentication method.
4. Enter a new password that meets the password policy.
5. Click Submit. You will see a confirmation message within 30 seconds.

Password policy requirements
- Minimum 12 characters with upper, lower, number and symbol.
- Cannot reuse any of your last 10 passwords.
- Password expires every 90 days.

Common issues
- After 3 failed SSPR attempts the account is locked and must be escalated to Level 2 support for manual unlock.
